

reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are issued in accordance with sections 751(a)(1) and 777(i)(1) of the Act (19 U.S.C. 1675(a)(1) and 19 U.S.C. 1677f(i)(1)).

Dated: December 17, 1999.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 99-030. Applicant: University of Massachusetts, Biology Department, Morrill Science Center, Amherst, MA 01003-5810. Instrument: Electron Microscope, Model Tecnai 12. Manufacturer: FEU Company, The Netherlands. Intended Use: The instrument is intended to be used to view the end products of experiments, including immunolabeling of specific proteins, properties of genetically altered organisms and protein complexes under different ionic conditions. The specific research objectives vary widely but all aim to generate basic information about organisms, cells or subcellular components. In addition, the instrument will be used to demonstrate

transmission electron microscopy for several courses, including Biology 523 (Histology) and Biotechnology. Application accepted by Commissioner of Customs: December 6, 1999.

Docket Number: 99-031. Applicant: University of Vermont, Department of Surgery, Given E-305, Burlington, VT 05405. Instrument: HVS Video Tracking System, Pool and Platform, Model 2020. Manufacturer: HVS Image Ltd., United Kingdom. Intended Use: The instrument is intended to be used for the study of multiple minor head injuries using a rat model in order to provide information that may be helpful in understanding why there are anecdotes in the human population of poor outcomes after seemingly minor recurrent head injuries. Application accepted by Commissioner of Customs: December 6, 1999.

Docket Number: 99-032. Applicant: University of California, Los Alamos National Laboratory, BUS-6, P.O. Box 1663, MS C308, Los Alamos, NM 87545. Instrument: Solid State Quantum Computer, Model Multiprobe S. Manufacturer: Omicron Vakuum Physik GmbH, Germany. Intended Use: The first scaleable solid state quantum computer will be used to produce an array of atoms on a Si (001) surface. The work requires using a scanning tunneling microscope for the precise placement in individual atoms of phosphorus in an array with 20 nanometer spacing on an atomically cleaned silicon substrate surface. The work also includes studying the stability and properties of such a structure at different temperatures. This investigation will also include work that will determine the best phosphorus bearing chemical species to use in this application. A silicon overlayer will bury this array. Electric contact gates will be positioned on top of the overlayer over the phosphorus sites.

Application accepted by Commissioner of Customs: December 8, 1999.

Frank W. Creel,

Director, Statutory Import Programs Staff.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 122299A]

Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of

Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Large Pelagic Fishing Survey.

Agency Form Number: None.

OMB Approval Number: 0648-0380.

Type of Request: Revision of a currently approved collection.

Burden Hours: 5,032 hours.

Number of Respondents: 20,000 (multiple responses).

Average Hours Per Response: Ranges between 2 and 15 minutes depending on the requirement.

Needs and Uses: The Large Pelagic Fishing survey consists of dockside and telephone surveys of recreational anglers for large pelagic fish (tunas, sharks, and billfish) in the Atlantic Ocean. The survey provides the National Marine Fisheries Service with information to monitor catch of bluefin tuna and marlin. Catch monitoring in these fisheries and collection of catch and effort statistics for all pelagic fish is required under the Atlantic Tunas Convention Act and the Magnuson-Stevens Fishery Conservation and Management Act. The information collected is essential for the U.S. meet its reporting obligations to the International Commission for the Conservation of Atlantic Tuna.

Affected Public: Individuals, businesses or other for-profit organizations.

Frequency: On occasion, weekly.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, Room 5027, 14th and Constitution Avenue, NW., Washington, D.C. 20230 (or via the Internet at LEngelme@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, 725 17th Street, NW., Washington, D.C. 20503.

Dated: December 17, 1999.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of the Chief Information Officer.
